MEMORANDA

To Pastors and Principals of PPSL Schools
From PPSL Executive Board
Re Possibility of additional Positive Coaching Alliance meetings for parents or coaches

On Tuesday, the PPSL Executive Board met and discussed the issue of additional Positive Coaching Alliance meetings for coaches and parents who are not in compliance for basketball season. The Board does not feel that additional workshops should be scheduled at the moment since eight (four parent and four Coaches Level I) were scheduled between May and September of 2007.

The option of doing the course online will be given so that parents and coaches may be in compliance with this PPSL requirement. The cost of the course will be passed on to the individuals. There is a course for parents and one for coaches on the Positive Coaching Alliance workshop. The directions are given below:
